

# PHARMACEUTICAL APPLICATORS

ISO 9001:2015 & ISO 13485:2016 | CLEAN ASSEMBLY AREA | USDA/FDA REGISTERED FACILITY

HTI Plastics has been in the medical device and pharmaceutical manufacturing business for more than 30 years. Our focus is on providing quality products in a timely manner, while providing unmatched customer service.

Our applicators are used in a wide range of treatments for both prescription and over the counter medication. HTI has become an industry leader in the pharmaceutical molding industry, and our applicators are the preferred choice of a large number of domestic and international pharmaceutical companies.

HTI Plastics is a full-service injection molder. We offer experienced engineering services, in-house tool room, and a wide array of secondary operations.

## VAGINAL CREAM APPLICATOR (VCA) LITE

# VAGINAL CREAM APPLICATOR (VCA) LITE

Our VCA Lite is a cream or gel applicator with a versatile design that fits a variety of functionalities. This applicator is ideal for products where proper dose administration and efficacy are critical. Similar in design to the Comfort Tip, the VCA Lite provides the same performance with a smaller diameter for the opening.

## STANDARD SIZES

- ▶ 5.5 CC
- ▶ 5.1 CC

## DOSAGE MARKING

- ▶ 4 GRAM DOSE
- ▶ CUSTOM DOSAGE MARKING AVAILABLE
